REPLY TO  
ATTN OF: EM-453 (A. Rampertaap, 903-8191)

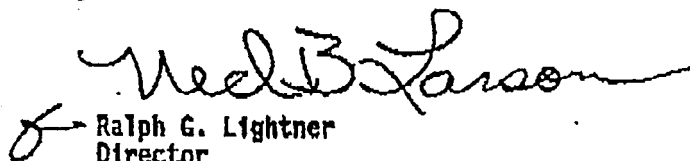

SUBJECT: Comments and Approval of Operable Unit 16 Proposed Plan

TO: R. Schassburger, Rocky Flats Office

The Rocky Flats (RF) Branch has reviewed the "Proposed Plan and Draft Modification of Colorado Hazardous Waste Permit for RF Plant Operable Unit 16 Low Priority Sites," October 19, 1993, document. I conditionally approve this Proposed Plan contingent upon the attached comments being incorporated during the document finalization process.

This action shows real progress towards reaching the final remedial decision at an operable unit. Everyone involved is to be commended for their efforts.

Please contact me at (301) 903-8180 or Autar Rampertaap (301) 903-8191 if you have any questions regarding these comments.
